Children need more protein than this, and we are hoping to double the amount of aid that we can send them. Thank you for your continuing generous support of the children in India and also for the children in our schools in Peru that are included in this feeding program.

## Meet the “children that you feed” at St. Pauls’ Orphan Home.

St. Paul’s Orphan Home is located at Guntipalli, in the Nalgonda District. The home shares the same compound with St Paul’s Lutheran Church and School. Gospel worker James is the supervisor at this home. The home was begun in 2004 and currently has 14 children. The children attend St. Paul’s Church and school where they receive a Christian education and are being taught the Bible and the Small Catechism. Three years ago the children had to go to a school far away from the village, but now they have the opportunity to attend a Lutheran school and are enriched with a Christian environment.
