God's Blessings Result in Fruits of Faith 9:6

God has also given us a generous mountain of gifts: His undeserved love in Jesus, forgiveness and peace with Him, and a home in heaven. On top of all those gifts, God has also blessed us with earthly gifts: food, drink, comfort, and financial resources. Because God has been so generous, He makes it possible for us to be generous in return. Everything we have is a gift from God. All we're really doing is giving good gifts back to the one they belonged to in the first place.

We need a "strong finish" to this year.

Thank you, heavenly Father, for generously giving me so many spiritual and earthly blessings. Work in me a generous heart that loves giving good gifts to others. Let me give back to you with my time, talents, and treasures.
